# HARVEST NEWS

Khon Kaen, Thailand

## FROM THE HARVEST FIELD...

Dear Friends and Supporters,

**True prosperity is expressed through generosity.**

As we come to the end of this year, we look back with hearts full of gratitude. It has been a year marked by many challenges, and yet we have witnessed God's faithful provision in every situation. In the midst of uncertainty, His grace has remained our anchor.

We are deeply encouraged by the generosity of our supporters who continue to stand with us. Your prayers, financial partnership, and words of encouragement have given us strength to keep pressing forward in an unpredictable world. Thank you for believing in our desire to touch a broken world and for walking with us through each season.

I wish to honor our local team too for their unwavering dedication and hardwork through this very challenging year.

Thank you, dear friends, that many of you responded when we sent out our cry for help to raise support for those laboring and serving with us. Because of your generosity, our team is able to soldier on and we are more determined than before to shine brightly in an ever darkening world.

### **Responding to the Southern Thailand Floods**

In recent months, severe flooding devastated communities across South Thailand, bringing hardship to thousands of households. Homes, crops, and livelihoods were washed away, leaving families struggling to rebuild.

Our foundation has been actively involved in the ongoing disaster relief efforts. Rather than working alone, we are partnering with trusted local leaders who are already on the ground and able to reach remote areas that are difficult to access. We have also delivered our mobile home to the south with plans to assist in the second phase of the recovery work. To strengthen communication and stewardship, we have appointed a dedicated coordinator to oversee distribution and ensure that support reaches those who need it most.

Together, with your continued support, we will stand alongside these communities as they rebuild their lives.

### **Blessings for New Year 2026**

As we come to the close of 2025, may we go into 2026 with a renewed sense of purpose. In a world swimming in self-indulgence, may we ensure that we align the many good blessings that God has poured out on us with His divine purpose in our lives. As God's provision is made available to us, let's represent Him well by sharing His abundance with a world in lack. May 2026, be a year filled with His purpose for each one of us, our family and our communities.

***"Command them to do good, to be rich in good deeds, and to be generous and willing to share... so that they may take hold of the life that is truly life."  
1 Timothy 6:18-19***

## FROM THE DIRECTOR OF HLC

### **HLC Youth Camp – Right Now**

During the week of 24-28 November, the oldest students at Harvest Learning Center enjoyed a five-day camp with their classmates. The theme, “Right Now,” was chosen to help these students to break cycles of procrastination in their lives and to encourage them to make important decisions in their lives.

The first 2 ½ days were extra special because the students had the opportunity to stay at the nearby Khon Kaen Zoo. At this location the students enjoyed the time they were given to connect with God in nature. They also learned and practiced basic wilderness survival skills in nature, including food production and food preparation. One of the highlights at the zoo was the obstacle course, with many of the obstacles presenting challenges that required the students to draw on all their courage, strength, and determination.

The final 2 days were spent camping out at Harvest Learning Center. During these two days the students were challenged and equipped to visit and encourage one of Khon Kaen’s poorest villages. Upon their return from this visit, many of the students said that this was the first time they had done something like this. Many of them reported that they had enjoyed the opportunity to share their hope in God and to pray with villagers. Only time will reveal if this camp succeeded in teaching our students the value and the importance of focusing on the opportunities of life that are before them “right now.”

As always, I want to express my appreciation for the continued faithful support from our donors. Your generous giving helps us to make these kinds of experiences possible for our students. And I want to say again how much your faithful prayers mean to us as we work hard together to produce a generation of true “world changers.” May God continue to watch over and bless you and your families.

Sincerely,  
John M Jason  
Director, HLC

## Christmas Outreach with the Singapore Team

*By Mrs. Kris Dollisen-Seesopa  
Principal, Harvest Learning Center*

From November 30 to December 6, we welcomed 17 friends from Singapore who came to Khon Kaen to share God's love and Christmas blessings with our community. On the first day, the team started by loading a ton of rice onto our bus to be delivered to the South for disaster relief. Despite the team's average age being 60 and above, they showed strength as if they were still in their twenties!

### **December 3 – Light in the Darkness**

The Singapore team worked tirelessly to decorate the venue, preparing for our Light in the Darkness Christmas dinner. Parents and local farmers from the neighborhood were invited to join us for an evening filled with warmth, fellowship, and hope.

### **December 4 – Outreach to Ban Hin Lad Wang To School and Thepharak Community**

At Ban Hin Lad Wang To School, our Thai teachers went with the Singapore team. This year many of our older students helped by translating for the Singapore team. The children were very open to prayer, and some shared that they truly felt Jesus is real. In the afternoon, the team continued blessing the Thepharak Community with gifts and prayers too.

### **December 5 – Outreach to Kota Villages 9 and 25**

At Kota community hall, the team joyfully sang Jesus Loves Me together as one, regardless of age. They distributed gifts to Kota villagers. Prayers were offered for those who were sick—both physically and emotionally. It was also a beautiful moment to see students from Harvest Learning Center rise to the occasion, helping to pray and distribute goods alongside the adults.

All of us at World Harvest Foundation deeply appreciate the Singapore team for coming to work alongside us. We believe our community was truly blessed—not only through the gifts received, but also through the time spent listening, caring, and praying. May God bless you abundantly, and we look forward to welcoming you again next year!
